

# WE ARE THE **ONLY** ONE

PumpWorks Industrial is the **only** manufacturer of ANSI pumps who provides every Power Frame with **all** of the following **standard** features:

## | Why is Pumpworks the **ONLY** one?

**Cost Reduction.** We are focused on reducing our customers' MRO spend.

**Common Sense.** We will only provide the very best, common sense, solutions.

**Service.** We are customer driven.

**Quality.** We believe the most economical parts you can buy aren't necessarily the ones that you need to buy.

**Delivery.** Pump components strategically inventoried for rapid shipment in a variety of material options.

**ePod Pump Selector.** Access to end users and specifiers to select your pump application online at [pumpworks.com](http://pumpworks.com)
